

Who Is Driving

Driving licence in the United Kingdom

Kingdom, a driving licence is the official document which authorises its holder to operate motor vehicles on highways and other public roads. It is administered

In the United Kingdom, a driving licence is the official document which authorises its holder to operate motor vehicles on highways and other public roads. It is administered in England, Scotland and Wales by the Driver and Vehicle Licensing Agency (DVLA) and in Northern Ireland by the Driver & Vehicle Agency (DVA). A driving licence is required in England, Scotland, and Wales for any person (except the sovereign) driving a vehicle on any highway or other "road", as defined in s.192 Road Traffic Act 1988, irrespective of the ownership of the land over which the road passes. Similar requirements apply in Northern Ireland under the Road Traffic (Northern Ireland) Order 1981.

Prior to the UK leaving the European Union on 31 January 2020 and during the transition period which ended on 31 December 2020, a UK driving licence was a European driving licence, adhering to Directive 2006/126/EC and valid throughout the European Economic Area. A new updated design has been issued from January 2021, now simply reading "UK" in larger blue letters, where the EU flag with the circle of stars surrounding the "UK" code was.

Since July 2015, all UK driving licence photo-cards issued by the DVLA have displayed the Union Flag, and since December 2021 also the Royal Coat of Arms on the front of the driving licence. This does not apply to driving licences issued by the DVA in Northern Ireland.

Individuals with a GB address can not apply for a Northern Ireland (DVA) issued driving licence and individuals with a Northern Ireland address can not apply for a GB (DVLA) issued driving licence. Both forms of the licence are considered as a full UK driving licence and have equal status.

In Northern Ireland, the paper counterpart is still issued and must be produced when a licence is requested by the PSNI or when taking a practical driving test. If this counterpart is lost, stolen or damaged, a replacement licence must be ordered. This will replace both the photo-card and counterpart.

There is no UK identity card; a photographic driving licence can serve as proof of identity in non-driving contexts, such as proof of identity (e.g. when opening a bank account) or of age (e.g. when buying age-restricted goods such as alcohol or tobacco).

Who's Driving Doug

Who's Driving Doug is a 2016 American independent drama road film directed by David Michael Conley, starring RJ Mitte, Paloma Kwiatkowski, Daphne Zuniga

Who's Driving Doug is a 2016 American independent drama road film directed by David Michael Conley, starring RJ Mitte, Paloma Kwiatkowski, Daphne Zuniga, and Ray William Johnson, and featuring Travis Flores. It was produced by David Katz and Nicola Carbonetta and written by Michael Carnick. The film follows Doug (Mitte), an introvert with muscular dystrophy who goes on a road trip with driver Scott (Johnson) and friend Stephanie (Kwiatkowski) in order to get away from his overbearing mother (Zuniga).

Driving

Driving is the controlled operation and movement of a land vehicle, including cars, motorcycles, trucks, and buses. A driver's permission to drive on public

Driving is the controlled operation and movement of a land vehicle, including cars, motorcycles, trucks, and buses. A driver's permission to drive on public highways is granted based on a set of conditions being met, and drivers are required to follow the established road and traffic laws in the location they are driving. The word "driving" has etymology dating back to the 15th century. Its meaning has changed from primarily driving working animals in the 15th century to automobiles in the 1800s. Driving skills have also developed since the 15th century, with physical, mental and safety skills being required to drive. This evolution of the skills required to drive have been accompanied by the introduction of driving laws which relate not only to the driver but also to the driveability of a car.

The term "driver" originated in the 15th century, referring to the occupation of driving working animals such as pack or draft horses. It later applied to electric railway drivers in 1889 and motor-car drivers in 1896. The world's first long-distance road trip by automobile was in 1888, when Bertha Benz drove a Benz Patent-Motorwagen from Mannheim to Pforzheim, Germany. Driving requires both physical and mental skills, as well as an understanding of the rules of the road.

In many countries, drivers must pass practical and theoretical driving tests to obtain a driving license. Physical skills required for driving include proper hand placement, gear shifting, pedal operation, steering, braking, and operation of ancillary devices. Mental skills involve hazard awareness, decision-making, evasive maneuvering, and understanding vehicle dynamics. Distractions, altered states of consciousness, and certain medical conditions can impair a driver's mental skills.

Safety concerns in driving include poor road conditions, low visibility, texting while driving, speeding, impaired driving, sleep-deprived driving, and reckless driving. Laws regarding driving, driver licensing, and vehicle registration vary between jurisdictions. Most countries have laws against driving under the influence of alcohol or other drugs. Some countries impose annual renewals or point systems for driver's licenses to maintain road safety.

The World Health Organization estimates that 1.35 million people are killed each year in road traffic; it is the leading cause of death for people aged 5 to 29.

Driver's license

A driver's license, driving licence, or driving permit is a legal authorization, or a document confirming such an authorization, for a specific individual

A driver's license, driving licence, or driving permit is a legal authorization, or a document confirming such an authorization, for a specific individual to operate one or more types of motorized vehicles—such as motorcycles, cars, trucks, or buses—on a public road. Such licenses are often plastic and the size of a credit card, and frequently used as an identity card.

In most international agreements, the wording "driving permit" is used, for instance in the Vienna Convention on Road Traffic. In American English, the terms "driver license" or "driver's license" are used. In Australian English, Canadian English and New Zealand English, the terms "driver licence" or "driver's licence" are used while in British English the term is "driving licence". In some countries the term "driving license" is used.

The laws relating to the licensing of drivers vary between jurisdictions. In some jurisdictions, a permit is issued after the recipient has passed a driving test, while in others a person acquires their permit, or a learner's permit, before beginning to drive. Different categories of permit often exist for different types of motor vehicles, particularly large trucks and passenger vehicles. The difficulty of the driving test varies considerably between jurisdictions, as do factors such as age and the required level of competence and practice.

Driving phobia

Driving phobia, driving anxiety, vehophobia, amaxophobia or driving-related fear (DRF) is a pathological fear of driving. It is an intense, persistent

Driving phobia, driving anxiety, vehophobia, amaxophobia or driving-related fear (DRF) is a pathological fear of driving. It is an intense, persistent fear of participating in car traffic (or in other vehicular transportation) that affects a person's lifestyle, including aspects such as an inability to participate in certain jobs due to the pathological avoidance of driving. The fear of driving may be triggered by specific driving situations, such as expressway driving or dense traffic. Driving anxiety can range from a mild cautious concern to a phobia.

Driving instructor

A driving instructor is a person who is hired by a new driver who is learning how to improve their skills

often for an upcoming practical test. Different - A driving instructor is a person who is hired by a new driver who is learning how to improve their skills - often for an upcoming practical test. Different countries have different rules regarding permits and other regulations. Driving instructors have several tasks such as teaching new drivers the theory and techniques needed to carefully operate various types of vehicles such as cars, motorcycles, trucks and buses. A driving instructor has several names and can be recognized as: auto driving instructor, educator, instructor, teacher, driver trainer or truck driving instructor.

Driving under the influence

Driving under the influence (DUI) is the crime of driving, operating, or being in control of a vehicle while one is impaired from doing so safely by the

Driving under the influence (DUI) is the crime of driving, operating, or being in control of a vehicle while one is impaired from doing so safely by the effect of either alcohol (see drunk driving) or some other drug, whether recreational or prescription (see drug-impaired driving). Multiple other terms are used for the offense in various jurisdictions.

Driving etiquette

is "one good turn deserves another", and is considered a vital part of responsible driving. Speeding and aggressive driving, examples of poor driving

Driving etiquette refers to the unwritten or unspoken rules that drivers follow. The term dates back to the early 1900's and the use of horse-drawn carriages. Driving etiquette typically involves being courteous and staying alert, which varies by vehicle, situation and location (e.g., etiquette for driving an F-1 race car has different rules than driving an RV). Failure to adhere to this behavior can cause an increased risk of legal consequences, road collisions, trauma and road rage.

Driving etiquette can extend beyond in-vehicle actions: When a courteous driver scrapes the fender or inflicts minor damage to a parked car without its owner present, they leave a note giving their name, telephone number, and the name of their insurance company. If the owner is present, the courteous driver exchanges insurance information politely and contacts the proper authorities. Breaches in driving etiquette can often be addressed cordially with a simple and immediate expression of apology. Its guiding principle is "one good turn deserves another", and is considered a vital part of responsible driving.

Speeding and aggressive driving, examples of poor driving etiquette, have been cited as negative factors related to rural highways. Drivers need driving etiquette education to lower the risk of causing accidents.

Driving (horse)

Horse driving is the practice of guiding a horse in harness to pull a load such as a horse-drawn vehicle, a farm implement, or other load. Horses, ponies

Horse driving is the practice of guiding a horse in harness to pull a load such as a horse-drawn vehicle, a farm implement, or other load. Horses, ponies, donkeys, mules, and other animals can be driven. Typical horse-drawn vehicles are wagons, carriages, carts, and sleighs. Driving activities include pleasure driving, racing, farm work, showing horses, and other competitions.

Defensive driving

Defensive driving describes the practice of anticipating dangerous situations, despite adverse conditions or the mistakes of others when operating a motor

Defensive driving describes the practice of anticipating dangerous situations, despite adverse conditions or the mistakes of others when operating a motor vehicle. It can be achieved by adhering to general guidelines, such as keeping a two- or three-second gap between the driver's vehicle and the vehicle in front to ensure adequate space to stop. It is a form of training for drivers that goes beyond road rules and the basic mechanics of driving techniques. Defensive driving reduces the risk of collisions and improves road safety.
