Psalms 23 is the 23rd psalm of the Book of Psalms, beginning in English in the King James Version: "The Lord is my shepherd". In Latin, it is known by the incipit, "Dominus regit me". The Book of Psalms is part of the third section of the Hebrew Bible, and a book of the Christian Old Testament. In the slightly different numbering system used in the Greek Septuagint and Latin Vulgate translations of the Bible, this psalm is Psalms 22.

Like many psalms, Psalms 23 is used in both Jewish and Christian liturgies. It has often been set to music.

The Number 23 is a 2007 American psychological thriller film written by Fernley Phillips and directed by Joel Schumacher. Jim Carrey stars as a man who

The Number 23 is a 2007 American psychological thriller film written by Fernley Phillips and directed by Joel Schumacher. Jim Carrey stars as a man who becomes obsessed with the 23 enigma once he reads about it in a strange book that seemingly mirrors his own life. The film was released in the United States on February 23, 2007. This is the second film to pair Schumacher and Carrey, the first being *Batman Forever*. The film was a financial success, grossing \$77.6 million, but received generally negative reviews from critics. Despite this, Carrey was proud of the film, saying: "I was able to explore the darker edges of my personality, which really was a blast and something different for me."

Eastern Time Zone

The Eastern Time Zone (ET) is a time zone encompassing part or all of 23 states in the eastern United States, parts of eastern Canada, some Caribbean islands

The Eastern Time Zone (ET) is a time zone encompassing part or all of 23 states in the eastern United States, parts of eastern Canada, some Caribbean islands and the state of Quintana Roo in Mexico. Most areas in the time zone observe daylight saving time and thus alternate between:

Eastern Standard Time (EST), which is five hours behind Coordinated Universal Time (UTC+05:00) and observed during late autumn/winter, and

Eastern Daylight Time (EDT), which is four hours behind Coordinated Universal Time (UTC+04:00) and observed during spring/summer/early autumn.

Areas in the Eastern Time Zone which do not observe daylight saving time use Eastern Standard Time. Observation of daylight saving time starts on the second Sunday in March, at 2:00 a.m. EST, clocks are advanced to 3:00 a.m. EDT, creating a 23-hour day. On the first Sunday in November, at 2:00 a.m. EDT, clocks are moved back to 1:00 a.m. EST, which results in a 25-hour day.

The time in this zone is based on the mean solar time of the 75th meridian west of the Royal Observatory, Greenwich.

Jim Carrey

Myself & Irene; . *Rotten Tomatoes*. June 23, 2000. Archived from the original on November 17, 2020. Retrieved March 23, 2010. *"How the Grinch Stole Christmas"*;

James Eugene Carrey (; born January 17, 1962) is a Canadian and American actor and comedian. Known primarily for his energetic slapstick performances, he has received two Golden Globe Awards, in addition to nominations for BAFTA Awards and Screen Actors Guild Awards.

After spending the 1980s honing his comedy act and playing supporting roles in films, Carrey gained recognition when he was cast in the Fox sketch comedy series *In Living Color* (1990–1994). He broke out as a film star after starring in a string of box office hits, such as *Ace Ventura: Pet Detective*, *The Mask*, *Dumb and Dumber* (all 1994), *Ace Ventura: When Nature Calls*, and *Batman Forever* (both 1995). The success of these five films led to Carrey being the first comic actor to receive an upfront \$20 million salary for performing in films, beginning with *The Cable Guy* (1996).

Carrey continued to have success as a leading actor in comedies such as Liar Liar (1997), How the Grinch Stole Christmas (2000), Bruce Almighty (2003), Lemony Snicket's A Series of Unfortunate Events (2004), and Yes Man (2008). Since the 2010s, Carrey appeared in fewer films, with notable works including Dumb and Dumber To (2014) and his role as Doctor Eggman in the Sonic the Hedgehog film series (2020–present).

Although largely typecast as a comedic actor, Carrey had success in dramatic roles. His critically acclaimed performances include the title role in The Truman Show (1998) and Andy Kaufman in Man on the Moon (1999), winning Golden Globe Awards for each film. He starred in the romantic drama film Eternal Sunshine of the Spotless Mind (2004), for which he was nominated for a BAFTA Award and another Golden Globe. Carrey also starred in the Showtime tragicomedy series Kidding (2018–2020), for which he received his seventh Golden Globe nomination.

23 enigma

The 23 enigma is a belief in the significance of the number 23. The concept of the 23 enigma has been popularized by various books, movies, and conspiracy

The 23 enigma is a belief in the significance of the number 23. The concept of the 23 enigma has been popularized by various books, movies, and conspiracy theories, which suggest that the number 23 appears with unusual frequency in various contexts and may have a larger, hidden significance. Since the nineties, the free tekno and raver counterculture has adopted it as a symbol.
