

# L'induismo

L'Induismo, often described as a philosophy, is far more than a basic collection of tenets. It's a complex tapestry woven from many threads of philosophical thought, ritualistic practices, and ethical norms, evolved over millennia. Understanding L'Induismo requires patience and a willingness to understand its nuances, appreciating its range while acknowledging its underlying unities. This article aims to provide a thorough overview, investigating its key elements and importance.

Several central concepts underpin much of Hindu thought. Dharma (righteous conduct | duty | moral law), Karma (action | consequence | retribution), and Samsara (cycle of birth | death | rebirth) are connected concepts that describe the recurring nature of life and the significance of ethical action. Moksha (liberation | enlightenment | release) represents the highest goal, the liberation from this cycle of rebirth and the achievement of religious liberation. The concept of Atman (the self | soul | spirit) and its relationship to Brahman (the ultimate reality | cosmic principle | divine essence) is central to many Hindu philosophical traditions.
