Cunk on Earth is a British mockumentary television series produced by Charlie Brooker for the BBC and Netflix. The series stars Diane Morgan as Philomena Cunk, an ill-informed investigative reporter, a character who previously starred on Charlie Brooker's Weekly Wipe and Cunk on Britain. The series was acclaimed by critics, with many praising Morgan's deadpan delivery. It premiered in the United Kingdom on BBC Two on 20 September 2022, and was released in the United States on Netflix on 31 January 2023.

For her performance in the series, Morgan was nominated for the British Academy Television Award for Best Female Comedy Performance.

The Fourth Doctor is an incarnation of the Doctor, the protagonist of the British science fiction television series Doctor Who. He is portrayed by Tom Baker.

Within the series' narrative, the Doctor is a centuries-old alien Time Lord from the planet Gallifrey who travels in time and space in the TARDIS, frequently with companions. At the end of life, the Doctor regenerates; as a result, the physical appearance and personality of the Doctor changes. Preceded in regeneration by the Third Doctor (Jon Pertwee), he is followed by the Fifth Doctor (Peter Davison).

Baker portrays the Fourth Doctor as a whimsical and sometimes brooding individual whose enormous personal warmth is at times tempered by his capacity for righteous anger. His initial companions were the journalist Sarah Jane Smith (Elisabeth Sladen), who had travelled with his previous incarnation, and Surgeon-Lieutenant Harry Sullivan (Ian Marter) of UNIT. His later companions were the warrior Leela (Louise Jameson), robotic dog K9 (John Leeson and David Brierly), fellow Time Lord Romana (Mary Tamm and Lalla Ward), teen mathematical genius Adric (Matthew Waterhouse), teen alien aristocrat Nyssa (Sarah Sutton), and Australian flight attendant Tegan Jovanka (Janet Fielding).

Baker portrayed the character for seven consecutive seasons, which remains the longest tenure of any actor to portray the lead, counting both the classic and new series. Baker's tenure as the Doctor is highly regarded among fans of the show and he is considered as one of the most iconic incarnations of the character.

This is a list of Doctor Who audiobooks. The first Doctor Who audiobook, consisting of readings by Gabriel Woolf of the novelisations of The Three Doctors, Carnival of Monsters, and Terror of the Zygons, was produced by the RNIB in 1978 and was available only to the registered blind through the RNIB and libraries. The first audiobook available to the general public was a Tom Baker reading of a State of Decay novelisation, released in 1981.

From 1995 to 1997, recordings of the novelisations of seven Doctor Who serials and three sets of original short stories were released by the BBC on cassette. Each of the novelisations was read by the actor who had portrayed the Doctor in the respective serial. The short stories were read by various actors associated with the series. All of these recordings were re-released in the Tales from the TARDIS MP3-CD collections in 2004.

In 2005 publishing began of two new sets of audiobooks. The first consisted of novelisations of serials from the "Classic" Doctor Who era, the second series consists of original novels from the New Series Adventures line. Starting in 2007, the RNIB produced unabridged versions of selected Ninth and Tenth Doctor audiobooks as well as selected Classic Series novelisations.

A number of officially licensed audio productions based upon the long-running British science fiction television series Doctor Who have been produced over the years.

The canonicity of the various audio adventures has not been confirmed. While it is a question that has vexed fans, it appears that, broadly, the BBC care little about the matter, as Doctor Who has no official canon. The first season of the new television series made no explicit references to the audio adventures, partly to keep the programme accessible to a wide audience, and partly in obedience to BBC guidelines about the relationship between public broadcasting and commercially licensed material. However, by 2013, the BBC Red Button minisode "The Night of the Doctor" referenced the Eighth Doctor's companions from the audio plays — namely Charley Pollard, C'rizz, Lucie Miller, Tamsin Drew and Molly O'Sullivan.

The Baron of Beef

The Baron of Beef is a pub in Bridge Street, Cambridge, England, owned by Bob Jones.

Michael Peacock, columnist of the Town Crier, gave his former paper, the Daily Mirror, a story about Chris Curry and Clive Sinclair having a fight there. This was allegedly over Curry's decision to leave Sinclair to join Hermann Hauser to establish Acorn Computers in competition with Sinclair's ZX80 microcomputer. This was dramatised in the 2009 BBC Four television programme Micro Men.

Tom Baker, the Doctor Who actor, stayed at The Baron of Beef while filming Shada.

Douglas Adams, creator of The Hitchhiker's Guide to the Galaxy, drank at The Baron of Beef also, according to an interview on The South Bank Show.
