Guardians of the Galaxy Vol. 2 is a 2017 American superhero film based on the Marvel Comics superhero team *Guardians of the Galaxy*, produced by Marvel Studios and distributed by Walt Disney Studios Motion Pictures. It is the sequel to *Guardians of the Galaxy* (2014) and the 15th film in the Marvel Cinematic Universe (MCU). Written and directed by James Gunn, the film stars an ensemble cast featuring Chris Pratt, Zoe Saldana, Dave Bautista, Vin Diesel, Bradley Cooper, Michael Rooker, Karen Gillan, Pom Klementieff, Sylvester Stallone, and Kurt Russell. In the film, the Guardians travel throughout the cosmos as they help Peter Quill (Pratt) learn more about his mysterious parentage.

The film was officially announced at the 2014 San Diego Comic-Con before the theatrical release of the first film, along with Gunn's return as writer and director from the first film, with the title of the sequel revealed a year later in June 2015. Principal photography began in February 2016 at Pinewood Atlanta Studios in Fayette County, Georgia, with many crew changes from the first film due to other commitments. Filming concluded in June 2016. Gunn chose to set the sequel shortly after the first film to explore the characters' new roles as the Guardians, and to follow the storyline of Quill's father established throughout that previous film. Russell was confirmed as Quill's father in July 2016, portraying Ego, a departure from Quill's comic father.

Guardians of the Galaxy Vol. 2 premiered in Tokyo on April 10, 2017, and was released in the United States on May 5, 2017, as part of Phase Three of the MCU. It grossed more than \$869 million worldwide, making it the eighth-highest-grossing film of 2017, while also outgrossing its predecessor. The film received praise for its visuals, direction, soundtrack, action sequences, humor, and performances, though some critics deemed it inferior to the original. It received a nomination for Best Visual Effects at the 90th Academy Awards. A sequel, *Guardians of the Galaxy Vol. 3*, was released on May 5, 2023, preceded by the Disney+ special *The Guardians of the Galaxy Holiday Special* in November 2022.

Kill Bill: Volume 2 is a 2004 American martial arts action film written and directed by Quentin Tarantino. It stars Uma Thurman as the Bride, who continues her campaign of revenge against the Deadly Viper Assassination Squad (Daryl Hannah, Vivica A. Fox, Lucy Liu, and Michael Madsen) and their leader Bill

(David Carradine), who tried to kill her and their unborn child.

Tarantino conceived Kill Bill as an homage to low-budget cinema, including exploitation films, martial arts films, samurai cinema, blaxploitation and spaghetti westerns. Volume 2 is the second of two Kill Bill films produced simultaneously; the first, Volume 1, was released six months earlier. The films were set for a single release, but the film, with a runtime of over four hours, was divided in two.

Volume 2 received positive reviews and grossed \$152.2 million worldwide on a production budget of \$30 million. Tarantino had planned to make further Kill Bill films in the following years, but abandoned those plans by 2023. Like its predecessor, Volume 2 is listed as one of the greatest martial arts films of all time and one of the best kung fu sequels of all time.
