Laurence Kim Peek (November 11, 1951 – December 19, 2009) was an American savant. Known as a "megasant", he had an exceptional memory, but he also experienced social difficulties, possibly resulting from a developmental disability related to congenital brain abnormalities. He was the inspiration for the character Raymond Babbitt in the 1988 movie Rain Man. Although Peek was previously diagnosed with autism, he is now thought to have had FG syndrome.

America are a British-American rock band formed in London in 1970 by Dewey Bunnell, Dan Peek and Gerry Beckley. The trio met as sons of US Air Force personnel stationed in London, where they began performing live. Achieving significant popularity in the 1970s, the trio was famous for its close vocal harmonies and light acoustic folk rock sound. The band released a string of hit albums and singles, many of which found airplay on pop and soft rock stations.

The band came together shortly after the members' graduation from high school in the late 1960s. In 1970 Peek joined the band and they signed a record deal with Warner Bros. The following year, they released their self-titled debut album, which included the transatlantic hits "A Horse with No Name" and "I Need You". Their second album, Homecoming (1972), included the single "Ventura Highway". Over the next several years, the band continued to release hit songs, including "Muskrat Love" on Hat Trick (1973), "Tin Man" and "Lonely People" on Holiday (1974) and "Sister Golden Hair" and "Daisy Jane" on their 1975 record Hearts. It was also in 1975 when America released History: America's Greatest Hits, a compilation of hit singles, which was certified multi-platinum in the United States and Australia. Peek left the group in 1977 and their commercial fortunes declined, though they returned to the top 10 in 1982 with the single "You Can Do Magic". The band's final Top 40 hit was "The Border", which reached no. 33 on the Billboard Hot 100 in 1983. The group continues to record material and tour regularly. Its 2007 album Here & Now was a collaboration with a new generation of musicians who have credited the band as an influence.

America won a Grammy Award for Best New Artist and were nominated for Best Pop Vocal Group at the 15th Annual Grammy Awards in 1973. The group was inducted into the Vocal Group Hall of Fame in 2006 and received a star on the Hollywood Walk of Fame in 2012.

"Peek-a-Boo!" is a song by American new wave band Devo, written by Mark Mothersbaugh and Gerald Casale. It appears on their fifth studio album Oh, No! It's Devo (1982). The single features the non-album track, "Find Out" as its B-side, which was also released as a bonus track on the Infinite Zero Archive/American Recordings CD reissue of the album. "Find Out" was later re-recorded by Devo's bassist Gerald Casale's solo project Jihad Jerry & the Evildoers for the studio album Mine Is Not a Holy War (2006). According to Gerald Casale from the audio commentary for their film, The Complete Truth About De-Evolution, "Peek-a Boo! was a song about Devo's circus-like look and the dark side of human nature, the side we try to keep secret, the side we try to deny, in this Christian world where we're only supposed to have happy endings and only supposed to be good, and instead Devo is dealing with what evil is here in a very light-hearted manner."

Donald Trump

Donald John Trump (born June 14, 1946) is an American politician, media personality, and businessman who is the 47th president of the United States. A member of the Republican Party, he served as the 45th president from 2017 to 2021.

Born into a wealthy family in New York City, Trump graduated from the University of Pennsylvania in 1968 with a bachelor's degree in economics. He became the president of his family's real estate business in 1971, renamed it the Trump Organization, and began acquiring and building skyscrapers, hotels, casinos, and golf courses. He launched side ventures, many licensing the Trump name, and filed for six business bankruptcies in the 1990s and 2000s. From 2004 to 2015, he hosted the reality television show *The Apprentice*, bolstering his fame as a billionaire. Presenting himself as a political outsider, Trump won the 2016 presidential election against Democratic Party nominee Hillary Clinton.

During his first presidency, Trump imposed a travel ban on seven Muslim-majority countries, expanded the Mexico–United States border wall, and enforced a family separation policy on the border. He rolled back environmental and business regulations, signed the Tax Cuts and Jobs Act, and appointed three Supreme Court justices. In foreign policy, Trump withdrew the U.S. from agreements on climate, trade, and Iran's nuclear program, and initiated a trade war with China. In response to the COVID-19 pandemic from 2020, he downplayed its severity, contradicted health officials, and signed the CARES Act. After losing the 2020 presidential election to Joe Biden, Trump attempted to overturn the result, culminating in the January 6 Capitol attack in 2021. He was impeached in 2019 for abuse of power and obstruction of Congress, and in 2021 for incitement of insurrection; the Senate acquitted him both times.

In 2023, Trump was found liable in civil cases for sexual abuse and defamation and for business fraud. He was found guilty of falsifying business records in 2024, making him the first U.S. president convicted of a felony. After winning the 2024 presidential election against Kamala Harris, he was sentenced to a penalty-free discharge, and two felony indictments against him for retention of classified documents and obstruction of the 2020 election were dismissed without prejudice. A racketeering case related to the 2020 election in Georgia is pending.

Trump began his second presidency by initiating mass layoffs of federal workers. He imposed tariffs on nearly all countries at the highest level since the Great Depression and signed the One Big Beautiful Bill Act. His administration's actions—including intimidation of political opponents and civil society, deportations of immigrants, and extensive use of executive orders—have drawn over 300 lawsuits challenging their legality. High-profile cases have underscored his broad interpretation of the unitary executive theory and have led to significant conflicts with the federal courts. Judges found many of his administration's actions to be illegal, and several have been described as unconstitutional.

Since 2015, Trump's leadership style and political agenda—often referred to as Trumpism—have reshaped the Republican Party's identity. Many of his comments and actions have been characterized as racist or misogynistic, and he has made false or misleading statements and promoted conspiracy theories to an extent unprecedented in American politics. Trump's actions, especially in his second term, have been described as authoritarian and contributing to democratic backsliding. After his first term, scholars and historians ranked him as one of the worst presidents in American history.

Derry v Peek [1889] UKHL 1 is a case on English contract law, fraudulent misstatement, and the tort of deceit.

Derry v Peek established a three-part test for fraudulent misrepresentation, whereby the defendant is fraudulent if he:

- (i) knows the statement to be false, or
- (ii) does not believe in the statement, or

(iii) is reckless as to its truth.

The House of Lords determined that, when issuing a prospectus, a company has as no general duty to use "care and skill" in to avoid making misstatements. This point is no longer good law in cases where economic loss flows from non-fraudulent misstatements.

Within company law, this case has been qualified by statute, codified today in the Companies Act 2006, which now recognises the fundamental importance of full disclosure in securities markets, to avoid financial crises.

Peek-a-boo is a boxing style which received its common name for the defensive hand position, which are normally placed in front of the face, like in the baby's game of the same name. The technique is thought to offer extra protection to the face while making it easier to jab the opponent's face. The fighter holds their gloves close to their cheeks and pulls their arms tight against their torso. A major proponent of the style was trainer Cus D'Amato, who did not use the term peek-a-boo and instead referred to it as a "tight defense." The style was criticized by some because it was believed that an efficient attack could not be launched from it.
