Killing Is My Business... and Business Is Good! is the debut studio album by American thrash metal band Megadeth, released in the UK on May 17, 1985, by Music for Nations and in the US on June 12, 1985, by Combat Records.

At the beginning of 1985, the band was given \$8,000 by Combat to record and produce its debut album. The band was forced to fire their original producer and produce the album by themselves, after spending half of the album's budget on drugs, alcohol, and food. Despite the poor production, the album was a well-received effort that obtained strong reviews in various music publications. Killing Is My Business... and Business Is Good! played an essential role in establishing thrash metal as an authentic subgenre of heavy metal music. It explores themes of death, occultism, and violence.

The album features the track "Mechanix", a song that frontman Dave Mustaine would perform with Metallica during his tenure in the band, and a controversial cover of the 1965 song "These Boots Are Made for Walkin'". A deluxe edition, completely remixed and remastered with several bonus tracks, was released through Loud Records on February 5, 2002. It features vastly different artwork, with its cover based on the version originally designed by Mustaine in 1985. All songs from the album were performed frequently during Megadeth's initial tour but have been steadily dropped from the setlist since, except for "Mechanix". A new remastered version of the album called Killing Is My Business... and Business Is Good! - The Final Kill was released on June 8, 2018, which includes a version of "These Boots" with re-recorded vocals, redone to match Lee Hazlewood's version.

The right to property, or the right to own property (cf. ownership), is often classified as a human right for natural persons regarding their possessions. A general recognition of a right to private property is found more rarely and is typically heavily constrained insofar as property is owned by legal persons (i.e. corporations) and where it is used for production rather than consumption. The Fourth Amendment to the United States Constitution is credited as a significant precedent for the legal protection of individual property rights.

A right to property is specified in Article 17 of the 1948 Universal Declaration of Human Rights, but it is not recognised in the 1966 International Covenant on Civil and Political Rights or in the 1966 International Covenant on Economic, Social and Cultural Rights. The 1950 European Convention on Human Rights acknowledges a right for a natural or legal person to "peaceful enjoyment of his possessions", subject to the "general interest or to secure the payment of taxes."

Peace Sells... but Who's Buying? is the second studio album by American thrash metal band Megadeth, released on September 25, 1986, through Capitol Records. The project was originally handled by Combat Records, resulting in the original mix of the album being co-produced by Randy Burns. Capitol Records then bought the rights to the album and hired another producer named Paul Lani to mix it himself. The recording of the album was difficult for the band, because of the ongoing drug issues the members had at the time. Drummer Gar Samuelson and guitarist Chris Poland were fired shortly after the album's promotional tour for drug abuse, making Peace Sells Samuelson's last Megadeth album. Poland reappeared as a session musician on Megadeth's 2004 album The System Has Failed. The title track, noted for its politically conscious lyrics, was released as the album's second single and was the band's first music video. The album's cover art, featuring the band's mascot Vic Rattlehead in front of a desolated United Nations Headquarters, was created by Ed Repka.

Peace Sells... but Who's Buying? is often regarded as a thrash metal classic and as an album that gave prominence to extreme metal. It has been featured in several publications' best album lists, including Robert Dimery's 1001 Albums You Must Hear Before You Die and Martin Popoff's Top 500 Heavy Metal Albums of All Time. The album has been reissued several times over the years. In 2004, the album was remixed and remastered by Megadeth frontman Dave Mustaine, with extensive liner notes detailing the album's background. In 2011, the three different versions were reissued as part of the album's 25th anniversary celebration. All of them, with the exception of the 2004 mixes, feature new remastering.

My Love Is Your Love is the fourth studio album by American singer Whitney Houston, released worldwide on November 17, 1998. The album is one of the best-selling female albums of all time, having been certified four times platinum in both the United States and Europe. As of May 2000, My Love Is Your Love sold over 10 million copies worldwide. It was Houston's first studio album in eight years, following I'm Your Baby Tonight (1990) although she had contributed to three movie soundtracks during that period (performing all songs on the soundtrack to The Preacher's Wife). Musically, My Love Is Your Love is a hip hop and R&B album that is composed of elements of pop, gospel and dance music, produced by musicians such as Whitney Houston herself, Rodney Jerkins, Soulshock & Karlin, Missy Elliott, Wyclef Jean, David Foster, Lauryn Hill, and Babyface.

It is notable for introducing elements of hip hop into Houston's work, only sparingly used in her previous material. The album was a hit in Europe, topping the European Top 100 Albums chart for six weeks, selling over 4.3 million copies. It generated several hit singles: "When You Believe", a duet with Mariah Carey, which won an Academy Award for Best Original Song at the 71st Academy Awards ceremony; "Heartbreak Hotel", which features Kelly Price and Faith Evans; "It's Not Right but It's Okay"; The title track, "My Love Is Your Love", was certified platinum and became Houston's third-best-selling single ever; and "I Learned from the Best".

My Love Is Your Love received positive reviews and is regarded as one of her best studio albums. At the 42nd Grammy Awards of 2000, the album received seven nominations, including Best R&B Album and Best R&B Song, twice. Houston won for Best Female R&B Vocal Performance for "It's Not Right But It's Okay", her sixth and final Grammy Award. The album cemented Houston's status as a pop culture icon.

Megadeth is an American thrash metal band formed in Los Angeles in 1983 by vocalist and guitarist Dave Mustaine. Known for their technically complex guitar work and musicianship, Megadeth is one of the "big four" of American thrash metal—along with Slayer, Anthrax, and Metallica—and is credited with helping to develop and popularize the genre. Their music features intricate arrangements, fast rhythm sections, dual lead guitars, and lyrical themes such as war, politics, religion, death, and personal relationships.

In 1985, Megadeth released their debut album, *Killing Is My Business... and Business Is Good!*, on the independent record label Combat Records, to moderate success. It caught the attention of bigger labels, which led to Megadeth signing with Capitol Records. Their first major-label album, *Peace Sells... but Who's Buying?*, was released in 1986 and was a major hit with the underground metal scene. Band members' substance abuse issues and personal disputes had brought Megadeth negative publicity during the late 1980s. Nonetheless, the band went on to release a number of platinum-selling albums, including *So Far, So Good... So What!* (1988), *Rust in Peace* (1990) and *Countdown to Extinction* (1992). These albums, along with worldwide tours, brought them public recognition. Megadeth's most recent album, *The Sick, the Dying... and the Dead!*, was released in 2022. On August 14, 2025, Mustaine announced that the band's upcoming seventeenth studio album and 2026 tour will be their last.

Megadeth has undergone frequent lineup changes throughout its 42-year career, with Mustaine being the sole consistent member of the band. The band temporarily disbanded in 2002 when Mustaine suffered an arm injury and re-established in 2004 without longtime bassist David Ellefson, who had taken legal action against Mustaine. Ellefson settled out of court and rejoined the band in 2010, but was fired in 2021 amid allegations of sexual misconduct. Megadeth's current lineup includes Mustaine, bassist James LoMenzo, guitarist Teemu Mäntysaari and drummer Dirk Verbeuren.

Megadeth earned platinum certifications in the United States for five of its sixteen studio albums, and has received twelve Grammy nominations. Megadeth won its first Grammy Award in 2017 for the song "Dystopia" in the Best Metal Performance category. The band's mascot, Vic Rattlehead, regularly appears on album artwork and live shows. Megadeth hosted their own music festival, Gigantour, several times from July 2005 to August 2013, and held its first MegaCruise in October 2019. As of 2023, the band sold more than 50 million albums worldwide.

My Beautiful Laundrette is a 1985 British romantic comedy-drama film directed by Stephen Frears and written by Hanif Kureishi. It was one of the first films released by Working Title Films.

Set in London during the Thatcher years, the film reflects the fraught relationships between members of the Pakistani and English communities at that time. The story focuses on Omar (Gordon Warnecke), a British man of Pakistani origin, and his reunion and eventual romance with his childhood friend Johnny (Daniel Day-Lewis), now a street punk. The two become the caretakers and business managers of a launderette.

The British Film Institute ranked My Beautiful Laundrette as the 50th-greatest British film of the 20th century. It was adapted into a stage play in 2002 and 2019.

My Own Prison

and all of us felt the same way. Like, alright, we found ourselves. We found out who we are and then right after that is when 'My Own Prison' poured out

My Own Prison is the debut studio album by American rock band Creed, released in 1997. The album was issued independently by the band's record label, Blue Collar Records, on April 14, 1997, and re-released by Wind-up Records on August 26, 1997. Band manager Jeff Hanson matched Creed with producer John Kurzweg, and My Own Prison was recorded for \$6,000, funded by Hanson. Creed began recording music and released the album on their own, distributing it to radio stations in Florida. The band later got a record deal with Wind-up.

At the time of My Own Prison's publication, Creed were compared to several bands, including Soundgarden (especially the Badmotorfinger era), Pearl Jam, Alice in Chains, Hootie & the Blowfish, Tool, and Metallica. Influenced by heavy metal and 1970s stadium rock, My Own Prison's music has been described as grunge, post-grunge, and "slightly heavy metal, slightly alternative". The album's lyrics cover topics such as emerging adulthood, self-identity, Christianity and faith, sinning, suicide, unity, struggling to prosper in life, pro-life, and race relations in America. Vocalist Scott Stapp and guitarist Mark Tremonti said their early adulthood inspired lyrics to the title track and "Torn". Stapp was inspired by music by U2 (particularly The Joshua Tree), Led Zeppelin, and the Doors. Tremonti, who brought heavy metal elements into Creed's music, credits influences such as the thrash metal bands Metallica, Slayer, Exodus, and Forbidden.

Creed released four singles from the album: the title track, "Torn", "What's This Life For", and "One". Despite only peaking at number 22 on the Billboard 200, strong radio airplay propelled My Own Prison to become a commercial success. All singles aired on rock radio in the United States and, with the exception of "One", had music videos broadcast on MTV. My Own Prison was eventually certified sextuple Platinum by the Recording Industry Association of America and by 2009, sold over 6,000,000 copies in the United States, according to Nielsen SoundScan. The album received mixed reviews, which complimented its guitar riffs and music but criticized its similarity to 1990s grunge bands.
